

**Radiation Research Society
Awards 2011**

Failla Award	Dr. David Brenner
Michael Fry Research Award	Dr. Marjan Boerma
Radiation Research Editors' Award	Dr. Igor Shuryak
Jack Fowler Award	Dr. Iris Eke
Marie Curie Award	Alexandra Paun
SIT Excellence in Mentoring Award	Dr. Albert Fornace
Nucleic Acids Research Award	Lisa Folkes

Failla Award and Lectureship

The Failla Lectureship was established by the 29th RRS Council to honor Dr. Gioacchino Failla. The lecture was first given in 1963. The Failla Lectureship may be considered as an award for a distinguished career in radiation research, or an award to an individual who is in mid-career, highly productive, and working in an exciting and cutting-edge area of radiation research.

Michael Fry Research Award

The Michael Fry Research Award was known formerly as the Radiation Research Award. It was established to recognize junior scientists who have made extraordinary contributions to the field of radiation research.

Radiation Research Editors' Award

The Board of Editors of *Radiation Research* and the Radiation Research Society established this award in 2008. The Editors' Award is given to a Scholar-in-Training who published an outstanding paper in *Radiation Research* in the previous year.

Jack Fowler Award

Each year, one junior investigator is selected to receive this award at the annual meeting of the Radiation Research Society (RRS). The award recognizes an outstanding junior investigator for exceptional work in radiation oncology, medical physics and/or radiobiology.

Marie Curie Award

This award was established to recognize the student travel award applicant showing the highest potential for a successful career in radiation and hyperthermia research.

SIT Excellence in Mentoring Award

Each year, the Scholar-in-Training(SIT) Committee invites the SIT members to nominate a member of RRS for the Mentor in Excellence Award. The award honors an individual who an SIT member views has given them exceptional mentoring in both their professional and personal aspirations.

Nucleic Acids Research Award

This award, sponsored by the journal *Nucleic Acids Research*, is for an outstanding abstract submission from a Scholar-in-Training in the research area of genome integrity, repair and replication.
